

PATHWAYS FOR KIDS MISSION:

Pathways For Kids serves to empower San Francisco's underserved inner city youth by "exposing" them to opportunities through motivational programs at business locations, with an emphasis on future employment choices and starting a business. For example, at Ritz Carlton students hear from the doorman, the general manager, housekeepers, sales managers, maintenance people, waiters, chefs, etc. — all potential jobs. At Google they learn how to start a business from an idea.
